

# PowerPoint Slide Shows

2007 with auto slide advance and sound

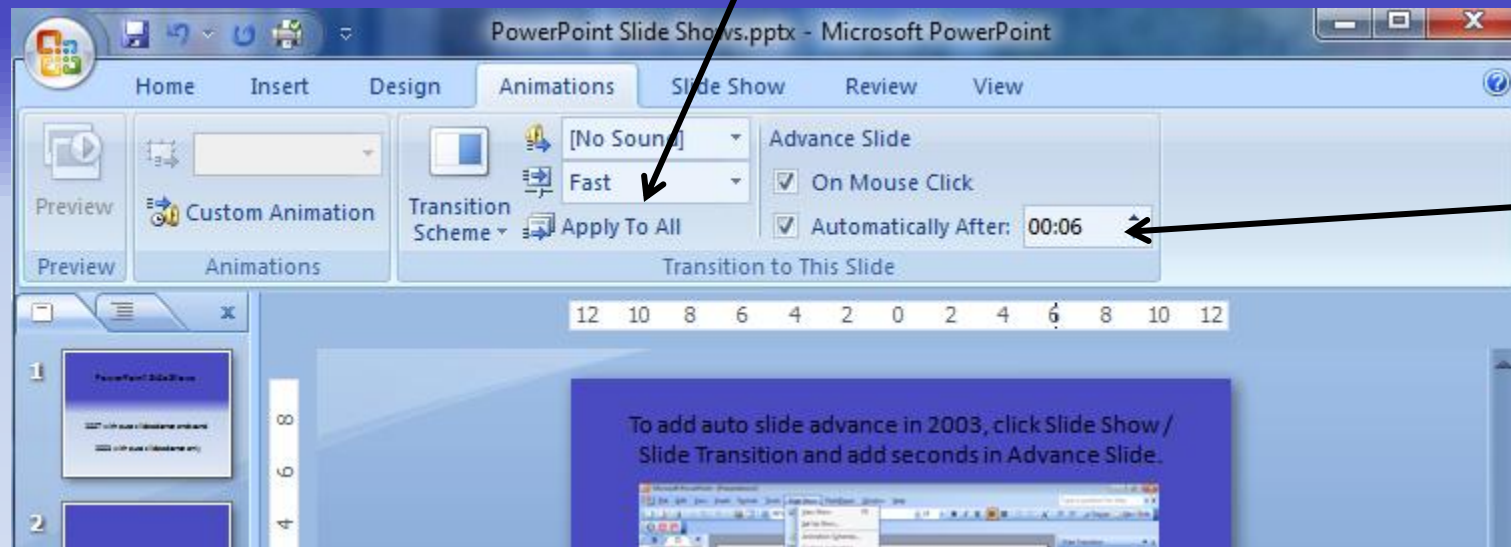

2003 with auto slide advance only

Add slides and photos in the normal manner

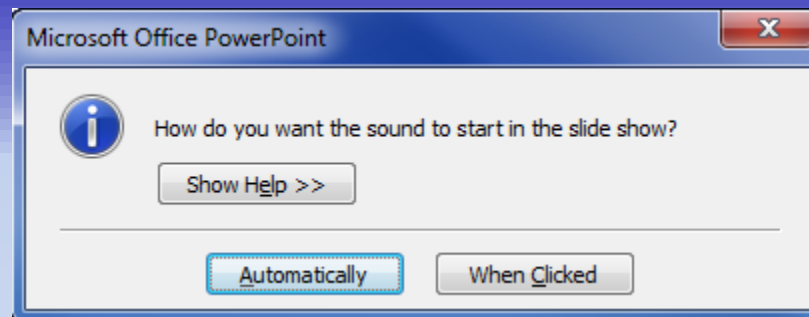

To add auto slide advance in 2003, click Slide Show / Slide Transition and add seconds in Advance Slide.

To add auto slide advance in 2007, click Animations, and add seconds in Advance Slide.  
Now click Apply To All.

To add sound in 2007, select the first slide, then click Insert, then add sound.

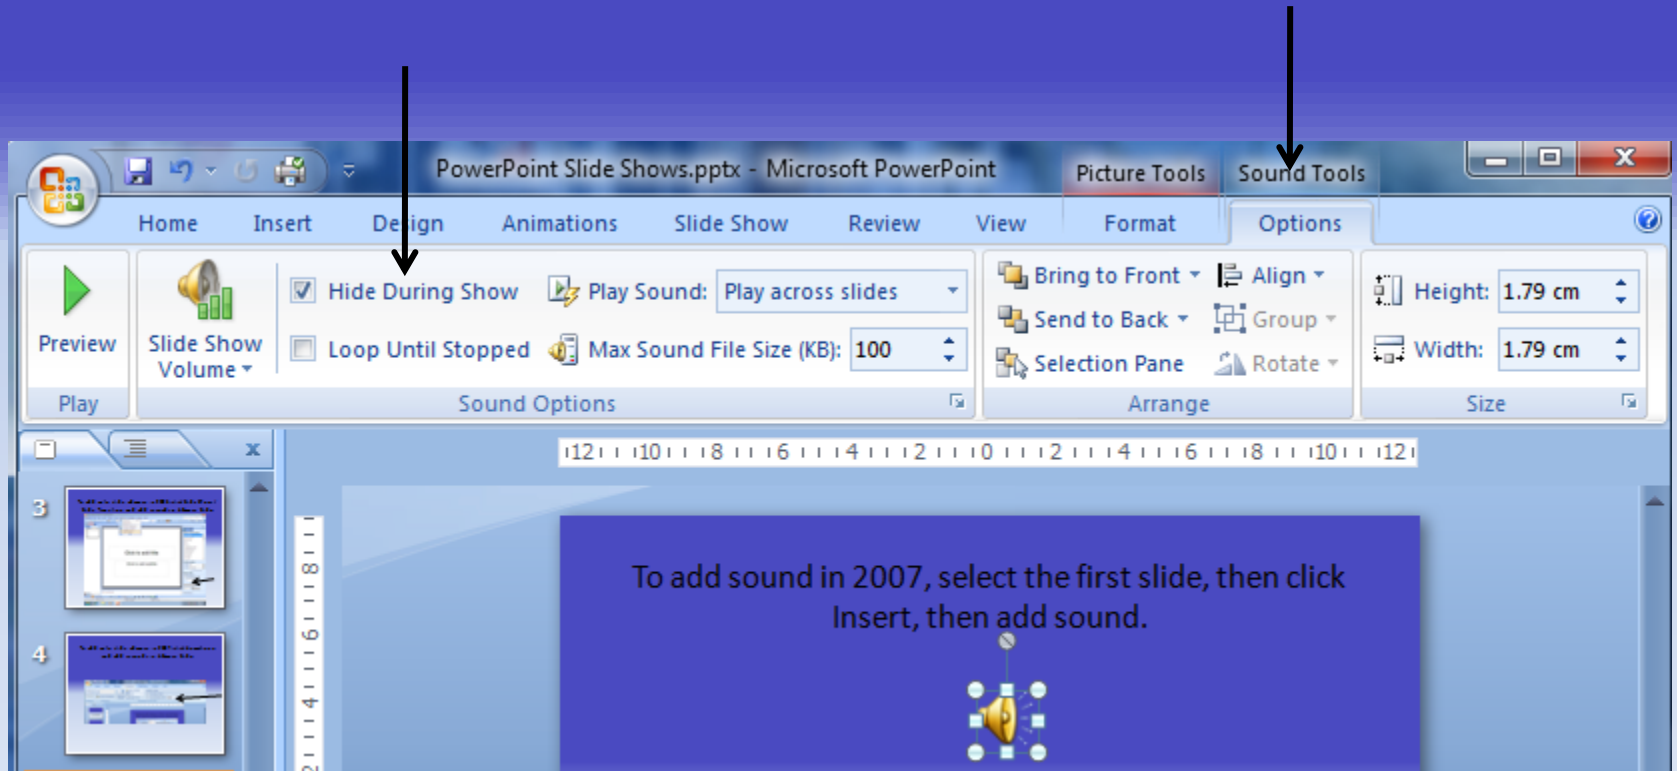

At the above message box, click Automatically

Click on the sound icon to highlight it as above, then click on the Animations tab, then change Animate to – “Play Across Slides”

Click on Sound Tools, then put a tick in Hide During Show. This hides the sound icon during the show.

The End
