

End of Year Challenge 2021

"More Than a Picture"

Our [fun!] End of Year project aims to encourage members to think outside the norm of competition photography where you are restricted by size, medium and rules.

Your challenge in 2021 is to use one (or more) of your images to create another art form. How you choose to do this is entirely up to you but some starter-suggestions could include:

- A painting of your image
- Printing image/s onto other materials eg fabric, wood, metal
- Making a model of something from your images
- Collaging images to create new scenes
- Wearable art made from prints

Because this is a creative challenge the list of possibilities is limited only by your imagination. Be creative, do the impossible, think outside the square.....

Above all, enjoy the challenge, be creative and just participate!

See [here for 100 creative ideas](#) to get you thinking....
